Bonne Terre Mine 2012

You're invited to dive with us at the world-famous Bonne Terre Mine. Located about an hour south of St. Louis, MO, under the town of Bonne Terre, this abandoned lead mine has been called a "TOP TEN ADVENTURE" by National Geographic Magazine. You'll enjoy the backlit vistas and the splendor of sites like the 1095 Canyon, swim through the Keyhole, explore the shallows, and much more as you explore the mine on one of 24 different guided "trails" through the mine.

Not certified yet? No problem! Complete your pool dives before the trip, and we can complete your open water dives at the mine (additional fees apply).
